

Hello,

THANK YOU so much for buying my presets! May it help you be creative with your photos. ❤️ Let's get you all ready and set up:

To install for LR mobile let's try to do this step by step:

click on the link:

https://www.dropbox.com/sh/6c3rntgllmwys00/AACm_HtMYuTgD9uG3MYh3OUWa?dl=0

- click on the file ending with ".dng"
- when you open the file (click on it) on dropbox, it will open a new window
- click on the 3 dots "..." on the top right corner, it will open a pop up window with option "download"
- Press "download" and it will save the file to your camera roll.
- repeat with all the other ".dng" files
- open the LIGHTROOM app
- import the dng files from the camera roll into the app
- import images you wish to edit
- click on the DNG file you just imported
- click on the 3 dots on the top right corner, select "create a new preset", it will add a new preset to the preset's section
- name it accordingly to the imported DNG file
- click on the image you wish to edit
- select from a bottom slider "presets", apply the preset you just imported
