

INSTAGRAM PUZZLE

Black & Gold

watercolor

Hello! Thank you so much for
buying this template!

This template works on Adobe Photoshop

IMAGES LINKS

The free images used in this template are available at www.unsplash.com, to facilitate your work I have created a collection for you:

Important: sometimes free stock images can be deleted by the owner. I have no responsibility for this.

FONTS LINKS

I love the Montserrat typography and together with the Cormorant, they create a clean, elegant and legible composition. They're available for download at Google Fonts:

PUZZLE FILE EXPORT

1. First, don't forget to save your file before exporting
2. Select the slice tool
3. Click the button Slices from Guides at the above menu panel (the slices will be made automatically along the guides)
4. File > export > save for web (choose JPEG, quality 100) > save
5. Choose a place where you want to save the single images > save
6. All 27 single posts are saved in an extra folder called "images"

Please note: Do not move the tabs while working with the file. Only with them in the original position will be possible to export with slices to get the individual posts.

If you have any problems editing the files, do not despair and contact me: hola@fabianasilveira.com
