

How to import/install Lightroom Presets

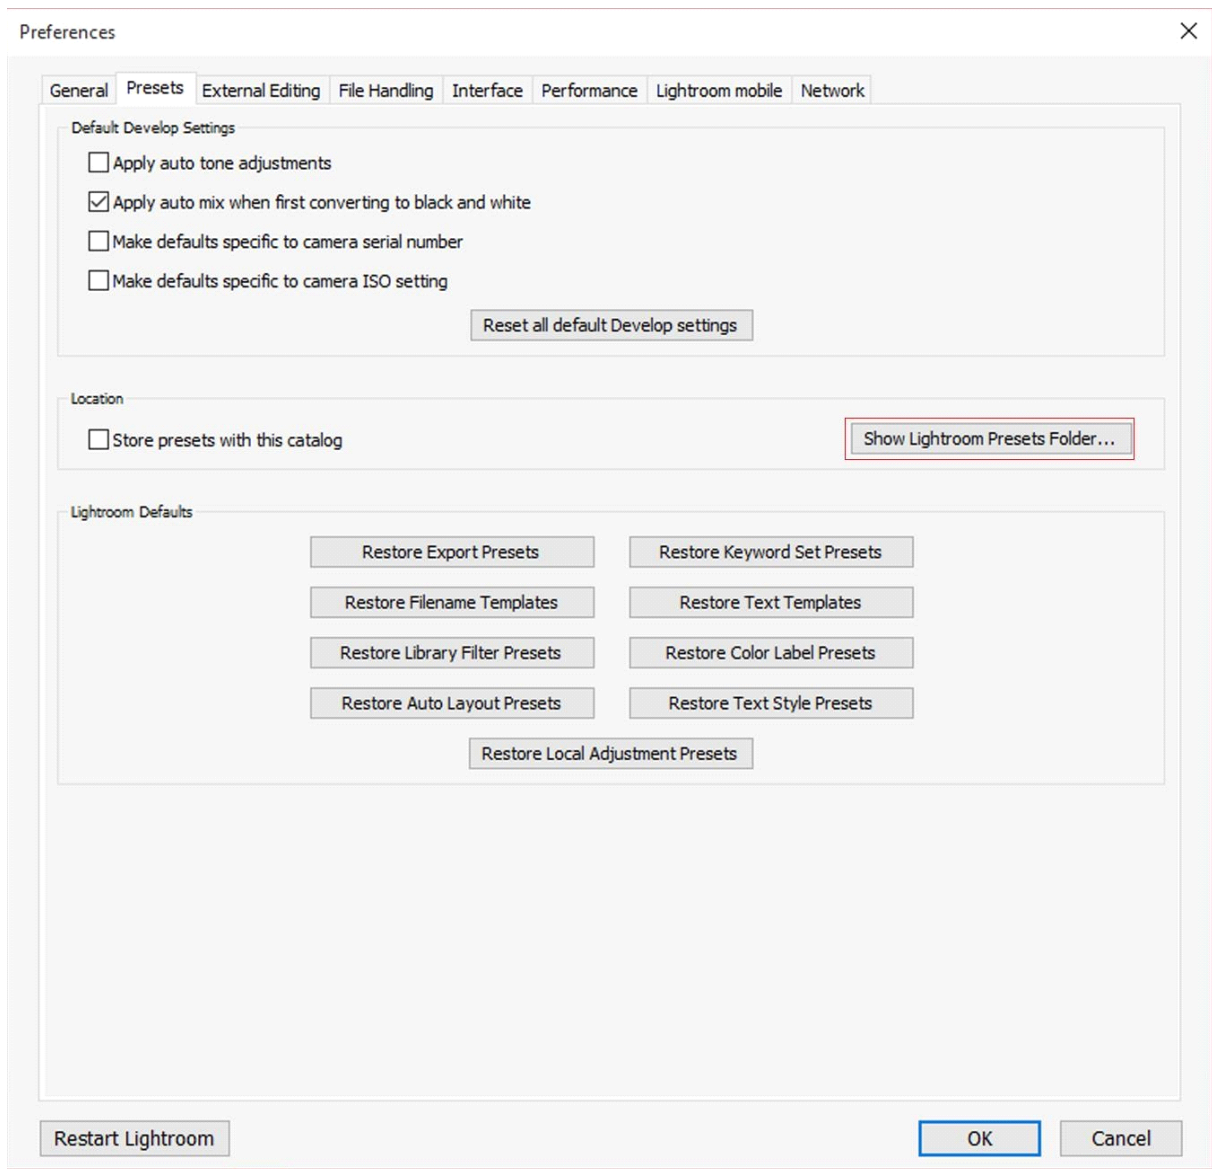

- Open your lightroom application
- Click on 'Edit' at the top (next to file). Then go down to 'Presences' and click on it.

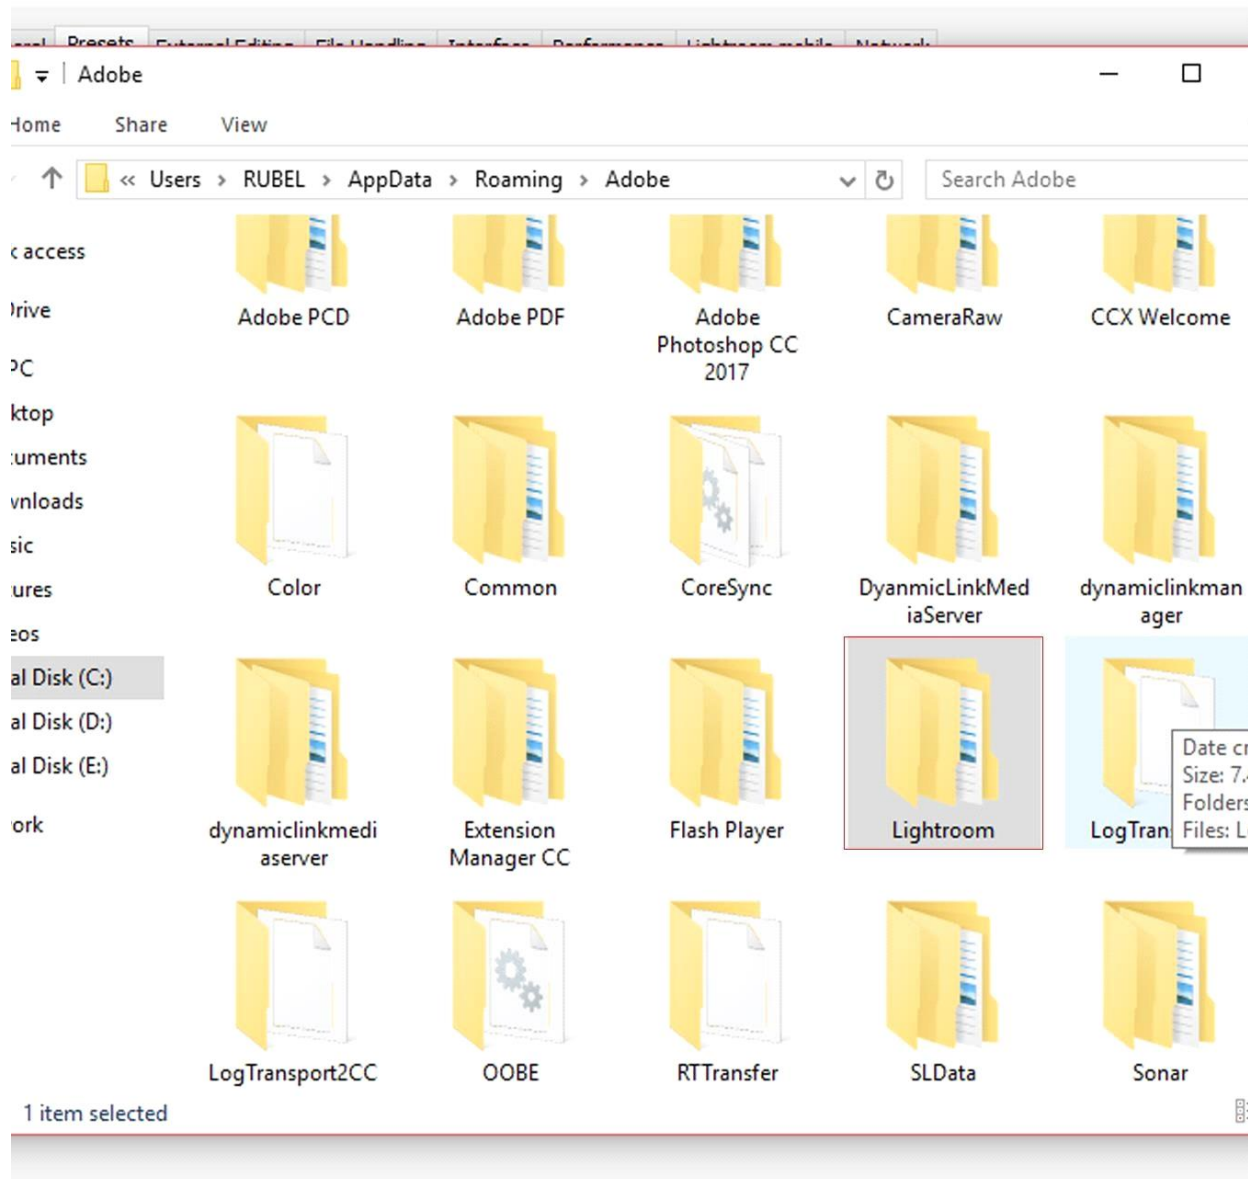

- There will be a new screen that pulls up. There will be six tabs at the top, click on presets tab (second tab).

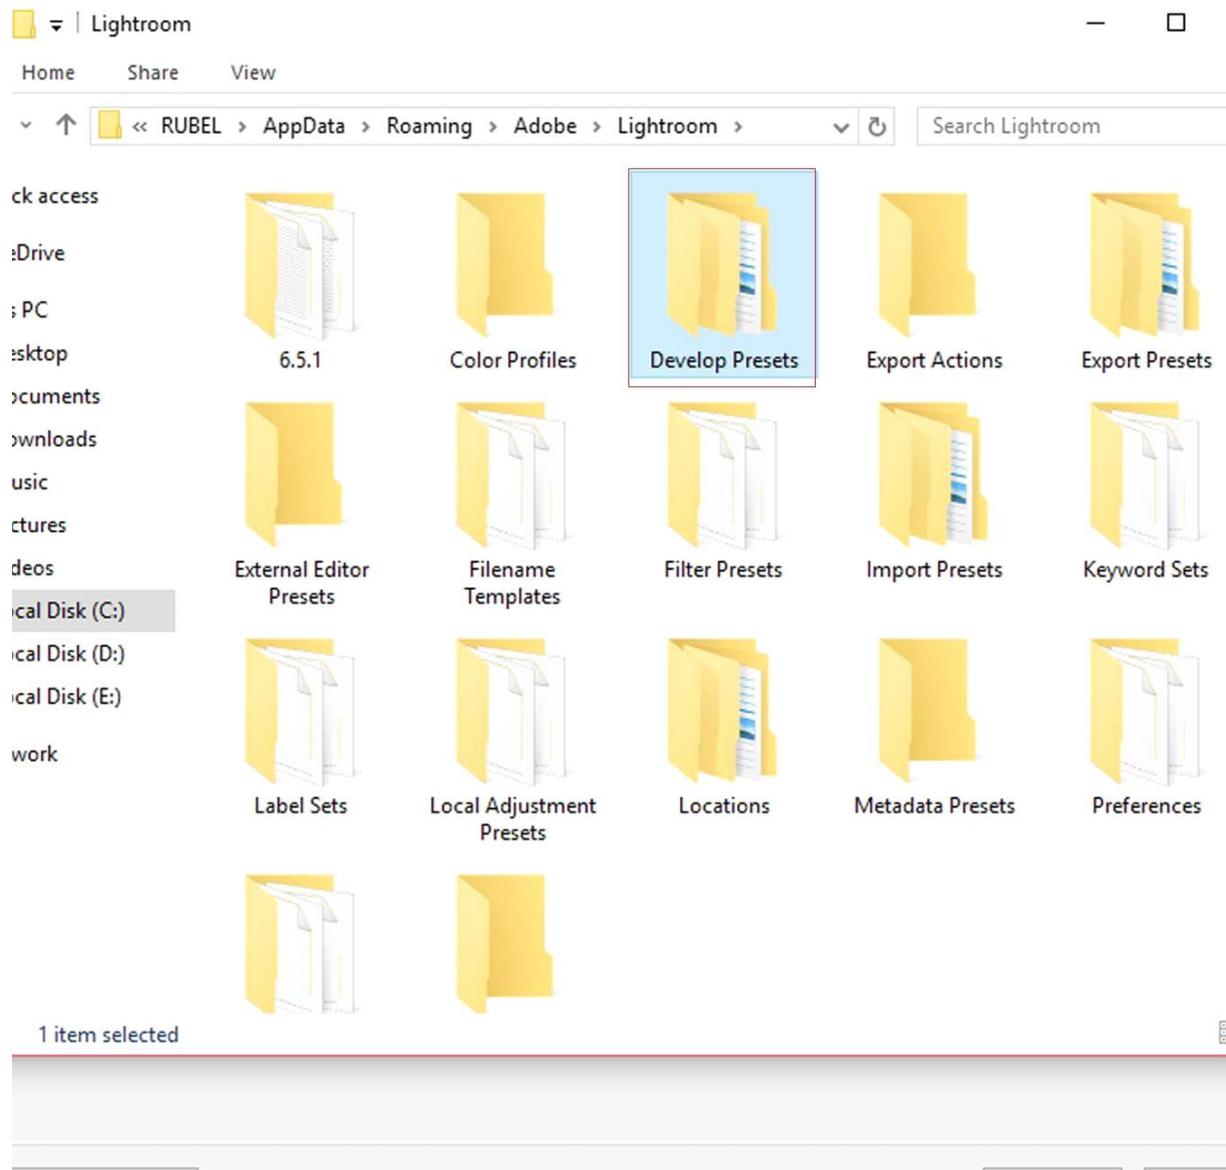

- Click on the box titled, **Show lightroom Preset folder.**

- Double click on Lightroom folder.

- Next double click on Develop preset folder.

- Copy the preset folder “**Valentine Lightroom & Photoshop Presets**” You are done importing. You will have to close lightroom and restart it to see the presets.
