Readme

Hi,

Thank You for purchasing **Dust Storm Photoshop Action**.

You can check out the video tutorial here:

https://youtu.be/kyUbifQVi38

Please check the following before you play the action:

1. Your photo is the **"Background"** layer. If not, select your photo layer and go to **Layer > New > Background from Layer**.

2. Click on the menu icon in the top right-hand corner of the **"Layers"** panel, choose **"Panel Options"** and make sure that the **Add "copy" to Copied Layers and Groups"** option is checked.

3. Go to **Image > Mode** and make sure your photo is in the **"RGB Color"**, **"8 Bits/Channel"** mode.

4. You photo is high quality and resolution. For best results use photos that are between **2000 px - 4500 px** high/wide.

5. You are using the **English** version of Photoshop. If you are using another language, you can change the language in this way:

http://www.youtube.com/watch?v=GJAiu5W2gLE

After you play the action, you can change the language back to your native language.

How to load the action:

1. Once you start the Photoshop, go to the **"Window"** menu and select **"Actions"** from there.

2. In the **"Actions"** panel, click on the menu icon in the top right-hand corner, choose **"Load Actions"**, select the action that came with download and click **"Load"**.

3. The action will now appear in the **"Actions"** panel.

Readme

How to load the brushes:

1. Choose the **"Brush Tool (B)"**, **Right-click** anywhere inside the canvas to open up the **"Brushes"** panel.

2. Click on the gear icon in top right-hand corner of the **"Brushes"**, choose **"Load Brushes"**, select the brushes file that came with download and click **"Load"**.

3. The brushes will now appear in the **"Brushes"** panel.

How to use the action:

1. Go to **File > Open**, choose your photo and click **"Open"**.

2. Go to **Layer > New > Layer** to create a new layer and name it **"brush"**.

3. While the **"brush"** layer is selected, choose the **"Brush Tool (B)"**, pick a soft brush and brush over your photo as guided in the action preview image.

4. Open the **"Dust Storm"** action folder, select the **"Light Direction"** action and click on **"Play"** button.

After the action has finished, if you want to transform the effect to snow storm, select the **"Snow Storm"** action and click on **"Play"** button.

Please watch the video tutorial for demonstration of how to use the action and also how to customize the results to get the most out of the effect.
