PROJECT EDITION

Photo - in each PSD file you'll find smart object (orange layer on the layers list) named "PHOTO_EDIT" -> double click on this layer. In newly opened document place your photo and close this document approving changes. Done.

Fonts - download all fonts from the links above and install them on your computer before you edit the projects.

Important recommendation: If you want get best effects please use photos without background, and then place them on the design. If you need help, let me know.

Remember - every PSD file contains "Remove this layer" layer. Just delete this layer to see entire design.

Good luck in your business / Viel Glück in Ihrem Geschäft / Buena suerte en tu negocio
