Lightroom Mobile
Installation Instructions

If you have a Creative Cloud subscription, all of your profiles will automatically sync to your mobile.

Step 1:
Download the product on your phone. Open the .zip file and extract the **Lightroom Mobile** folder.

Step 2:
Open the Lightroom app.

Step 3:
Click on the album then click on the **Add Photos** button. Sort it by Time, select all the DNG presets, then click Add.

Step 4:
Select a preset. Tap the menu on the top-right then tap **Copy Settings**. Go to your photo and paste the settings.
