

POLAROID COLLAGE

VERY EASY TO CUSTOMIZE - 3 LAYERED PSD TEMPLATE

1440X1688 PIXELS - SMART OBJECT - PHOTOS NOT INCLUDED

HOW TO EDIT SMART OBJECT

- Double click smart object layer icon
- Drag and drop your design onto the new page, save changes
- Return to "Collage" template, This will apply changes to the canvas

Feel free to adjust the canvas size if you wish. You can also arrange frame differently by selecting all 3 layer in the group, then (Ctrl T) Do not select the smart object layer, this way your image remains but the frame is adjusted.

Please rate if you like :)
