

In this action convert your image to Viva Sketch Photoshop Action.

This action has been tested and works photoshop CS6, CC, CC 2015, CC 2015.5, CC 2017, CC 2018, CC 2019 + version.

INSTRUCTIONS

1. Your Photoshop document must be in RGB colour mode. To check this, go to the menu **Image -> Mode -> RGB Colour** check the right screenshot. Check in Figure 1.
2. Your Photoshop document must be setup in **8bits/Channel**. To check this, to the menu **Image -> Mode -> 8bits/Channel** check the right screenshot. Check in Figure 1.
3. **Press B** to select the Brush tool. On the top toolbar, make sure **Mode** is **Normal**, and both **Opacity** and **Flow** values are set to **100%**. Check in Figure 3
4. On the Layers panel, click on the menu icon on the top-right corner. Go to **Panel Options...**, and make sure that the **Use Default Masks on Fill Layers** and **Add "copy" to Copied Layers and Groups** are checked. Check in Figure 2
5. You are running the **English** version of Photoshop.
6. For best result, it is recommended to use image size between **2000-3500 pixels**. For more optimal result, it is recommended to use image with size of **3000 pixels**.

If you have a lower resolution image, go to "Image" > "Image Size..." and change them to the specified dimensions. After the action has finished rendering, you can always reduce to your original size.
