Fancy Pink Fur
How to use

1. Open Photoshop

2. Install all product components:
   Fancy Pink Fur Brushes.abr (Window> Brush Presets> Load Brushes)
   Fancy Pink Fur Layer Styles.asl (Window> Styles> Load Styles)
   Fancy Pink Fur Actions.atn (Window> Actions> Load Actions)
   You can simply drag-n-drop it all into Photoshop (Do not place into the layout, but into the interface space).

3. Open the PSD template _QUICK START.psd (5000x3335 px 300 dpi)

4. Create a text or any graphics on a new layer.

5. Open the Actions Window, select one of the Actions, and play it to the layer.

6. You can also use brushes and layer styles in your design separately from actions.

7. Use the Stars brush on a new layer, open the Layer Styles and apply a Golden style.
