

Thank you for purchasing the "Gift Box Mockup 6K"

"Gift Box Mockup 6K" is a photorealistic and easy to use mockup of a gift box in three different perspectives. With this mock-up you can showcase your own patterns and designs.

You can remove the lid from the box, lean it against it, or place it next to the box. There is a label on the lid that you can also easily edit or remove if you don't need it.

Change the colors of the lid and ribbons to match the pattern on the box.

Gift Box Mockup 6K features:

- 1) Gift box in three perspectives in one PSD file
- 2) High resolution file 6000 x 4000 at 300dpi
- 3) Change pattern of box with "intelligent objects"
- 4) Change ribbon colours
- 5) Change lid colours
- 6) Separate shadow layers
- 7) Change background colours
