The roll up banner was designed primarily for agencies that create events of all kinds. The template is so universal that it can be used for various promotional purposes, eg promoting special events, business events, advertising an event office, and much more.

Install Fonts:
Before starting work, make sure you have the correct fonts on your computer, if you do not have the required fonts, install them:

- Jost – https://fonts.google.com/specimen/Jost
- Playfair Display – https://fonts.google.com/specimen/Playfair+Display
- Open Sans – https://fonts.google.com/specimen/Open+Sans

Adobe InDesign:
Start Adobe InDesign and edit the template to the desired effect. To add a photo, select the gray element (signed "**your image here**") and move the photo using **Drag and Drop** or from the **File – Place** menu **(Ctrl + D)**. Editing texts is also very easy, you need to **double-click** on the text frame and change the text.

Adobe Photoshop:
Start Adobe Photoshop and edit the template to the desired effect. To add a photo, **double-click** on the layer with the gray element (signed "**your image here**" – **"Layers" panel**) and a window in Photoshop will open, to which you should move the photo on the basis of **Drag and Drop** or from the **File – Place** menu. The text can be easily edited by **double clicking** on the text layer in the **"Layers" panel**.
