

## PHOTOSHOP ACTION INSTALLATION INSTRUCTIONS

### How to download

- Click on the desired action file (.atn) to download it into your local *Downloads* directory. Proceed to install the action by following the directions below.
- Or right-click on the desired action file and click *Save link as...* to save the action file to the desired directory.

### How to Install Photoshop Actions

- **Automatic installation:** Locate Heritage Supply Photoshop Actions in your local *Downloads* directory. Double click the action to automatically load it .
- **Manual installation if automatic installation fails:** Download Heritage Supply Photoshop Actions to your default Photoshop Actions directory. This is typically located under:  
for Windows: *C:\Program Files\Adobe\Photoshop\Presets\Actions*  
for Mac: */Applications\Adobe Photoshop\Presets\Actions*
- Go to *Window > Actions* to open the actions palette if it isn't already
- Click on the *small triangle* in the right upper corner
- Select *Load Actions* from the menu, locate the action you downloaded and click *Load*
- The action will be loaded as an action set folder by the same name.
- Click the *triangle* next to the folder to expand it and see the individual actions.
- Select the individual action and click the *Play button* at the bottom of the actions palette to run the selected action
